

# COMING HOME

Dear Friends,

Thanks to many of you, the *Fire On The Arrow* and *Moon Mama* CDs have found homes in many places and in many hearts. Many of you have asked... "When are you going to record some of your new songs/chants?" Over the past two years, I have been working on the next recording, and as a result, the *Coming Home* CD was released in August, 2010. *Coming Home* includes many new songs and chants as well as songs that I have written over the past twenty years. The *Coming Home* CD starts with a "spoken piece" called *Hope* and continues with songs/chants rich with women's voices as well as, on some pieces, accompaniment of guitar, piano, flute, and cello. As one might expect, there are many women's voices on this CD. The following women, who I call my Amazing Spirit Sisters, lovingly added their soulsounds to this recording: Ruth Barrett, Amy Carol Webb, Kathy Crocco, dorrie andermills, Lee Hoffman, Leslie Bevans, Cherie Ackerson, Rachel Alexander, Elizabeth Bolen, Jennifer Powers, Linda Smith Koehler and Women With Wings, the Columbus Singing In Sacred Circle, and the Cincinnati Singing In Sacred Circle. The amazing and inspiring Mary Southard ([www.marysouthardart.org](http://www.marysouthardart.org)) shared her beautiful artwork on the CD cover as well on the back tray of the *Coming Home* CD. I am very fortunate to have the opportunity to make music with the women that I love and respect. Please join us as we continue this sacred journey!

As always, I deeply appreciate your support and encouragement! I have boundless gratitude and awareness that I am the luckiest woman in the world!

In Feminist Spirit and Love, Shelley
